Dear Mr. Hodges:

On June 17, 1996, a field compliance inspection was conducted for your notice, UTU-070659, located in Section 10, 11, and 14 T. 24 S., R. 9 W., Section 19, T., 23 S., R. 9 W., and Section 18, T. 23 S., R. 10 W.. This notice was accepted by our office on May 11, 1990, under the 43 CFR 3809 regulations for surface management. Based on our inspection, and the fact that you have quit-claimed the deeds located for claims, Flint 1-8, Fraction, & Cruz #4 in the above said areas to Lee Oertle, we have determined that you are no longer responsible for reclamation for the above said areas. Therefore, this notice case file is closed.

If you restart any mining related activity that causes surface disturbance, then you must re-notify this office at least 15 days prior to the start up of your operations.

Thank you for submitting your notice and for your support in proper management of public lands.

Sincerely,

Rex Rowley
Area Manager
